

## Correction to “New Theoretical Method for Rapid Prediction of Solvation Free Energy in Water”

Shuangliang Zhao, Zhehui Jin, and Jianzhong Wu\*

*J. Phys. Chem. B* **2011**, *115*, 6971–6975, DOI: 10.1021/jp201949k

We have an additional acknowledgment.

### ■ ACKNOWLEDGMENT

The authors gratefully acknowledge Prof. Daniel Borgis at Ecole Normale Supérieure for allowing the use of the water direct correlation functions generated in his group by ZS with the method described in the Supporting Information and for providing the angular integral routines.
